TRAUMA CARE ASSISTANCE REVOLVING FUND SUMMARY

Senate Bill 290 established the Trauma Care Assistance Revolving Fund (Trauma Fund) in 1999. This bill provided for the reimbursement of uncompensated costs associated with the provision of trauma care by recognized trauma hospitals and ambulance/emergency medical services (EMS). In 2004, House Bill 1554 added physicians to the providers eligible for reimbursement from the Trauma Fund. Rules governing the Trauma Fund can be found in the Oklahoma Administrative Code, Title 310, Chapter 669

(https://www.ok.gov/health/Protective_Health/Emergency_Systems/Trauma_Division/Trauma_Care_Assistance_Revolving_Fund/index.html).

The Trauma Fund is a revolving fund that is available from year to year to support the public health safety net required to provide appropriate emergency medical care to severely injured patients. Current sources of revenue for the fund include renewal and reinstatement fees for driver licenses; fines for second/subsequent convictions for driving without a license; convictions for driving under the influence; failure to maintain mandatory motor vehicle insurance; violating the Open Container Law; speeding; drug-related convictions; and the Tobacco Tax.

The Trauma Fund receives approximately \$20 million annually from all sources for disbursement. Ninety percent of the funds collected will be distributed among physicians, hospitals, and EMS providers during each disbursement period. Each disbursement period allows for up to 30% of the available funding to be earmarked specifically for physician providers.

Since 2001, the fund has paid more than \$327 million to trauma care providers with hospitals receiving 82%, EMS 6%, and physicians 12% of the amount disbursed.

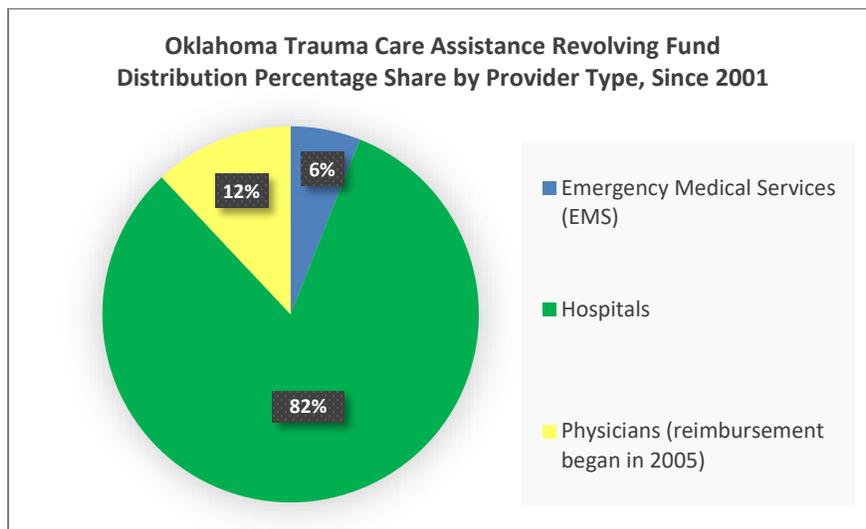

Figure 1

Disbursements have been provided to physicians in the following areas of specialty:

Anesthesiology	Internal Medicine	Plastic & Reconstructive Surgery
Cardiovascular Surgery	Neurological Surgery	Psychiatry
Diagnostic Radiology	Neurology	Pulmonology
Critical Care Surgery	Oral Maxillofacial Surgery	Radiology
Emergency Medicine	Orthopedic Surgery (including hand)	Thoracic Surgery
Family Medicine	Pathology	Trauma
General Surgery	Pediatrics	Vascular Surgery
Hospitalist		

A new payment methodology was put in place in October 2014 with monthly disbursements for each Trauma Fund period (Period 1: October-March and Period 2: April-September). This change only affected hospitals and EMS; physicians continue to receive biannual disbursements. Although payments are scheduled monthly for hospitals and EMS, all interested providers submit applications twice each year.

The Trauma Fund provides reimbursement to providers who documented uncompensated and under-compensated major trauma care in any Trauma Region of the State (see Figure 2, page 5). The 2019 report reflects nearly \$20 million in disbursements from October 2018 to September 2019 for care provided from January 1, 2017 to December 31, 2017. This shows a \$3 million decrease from last year's levels. Funds were distributed to hospitals (76%), EMS providers (4%), and physicians (20%). The ratio between providers reflects very minor changes from year to year, although the overall amount collected shows a decline.

For eligible claims submitted for trauma care provided during calendar year 2017, both EMS providers (see Table 2, page 7) and Hospitals (Table 3, page 9) were reimbursed at an average of approximately 35 cents on the dollar for their eligible Medicare costs. Physicians groups were reimbursed 100 percent of their Medicare allowable cost. Detailed information regarding each installment disbursed to providers can be found at:

http://www.ok.gov/health/Protective_Health/Emergency_Systems/Trauma_Division/Trauma_Care_Assistance_Revolving_Fund/Reports/index.html.
